One of Largest Fields Ever Starting in Reliability Run Is Entered-Two Drivers Meet With Some Rough Roads in Arizona.

By HARRY WARD.

One of the largest fields that has participated in a reliability run this year is taking part in the Chicago Motor Club's annual tour. Thirty-two nominations were received for the 1,000-mile, five-day test around Illinois.

The run today is from Moline, Ill., to Quincy, the contestants having started yesterday from Chicago, with Moline as the objective point of the first day's run. There are twenty candidates running for the Van Sicklen Cup, which is offered for the competition of the roadsters and toy tonneau cars, and twelve for the Stewart trophy, hung up for the touring car division. In addition to these prizes there are four other trophies offered for competition, including the Chicago Motor Club Cup team prize, the Branstetter tire prize, the Goodrich Cup, which is a hang-over from 1008 and which will go to the Goodrich Cup, which is a hang-over from 1906, and which will go to the Haynes car by default, and the Standard Oil trophy for the car making the best fuel consumption showing under the Chicago club's formula. There are twenty different makes of cars reprosented in the tour, as follows:

Haynes, Moline, and Hupmobile, three each; Abbot-Detroit, Halladay, Velle, Imperial, Case, and Staver-Chicago, two each; and Cunningham, Glide, Cino, Henry, Grout, Falcar, Brush, Speedwell, Krit, Lion, and Midlard, one each. In addition, there are nine cars listed
